

Gainesville Daily Sun.

VOL. XXVI, NO. 128

GAJNEVILLE, FLORIDA, TUESDAY, JULY 6, 1909

TEN CENTS A WEEK

THE R. R. COMMISSION GETTING QUITE BUSY

Succeeds in Securing Reduction in Rates By Express
Companies---Other Work Cut Out.

TALLAHASSEE, July 5.—In March of this year, the Railroad Commissioners took up the matter of vegetable rates by express between Florida producing points and south of the Ohio and Potomac rivers with the traffic officials of the Southern Express Company with a view of securing reductions in these interstate rates. As a result of the several conferences had, the Southern Express Company issued a new tariff on vegetable rates between the points mentioned, which made reductions in the rates from two to six cents per crate, and these lower rates became effective June 25th.

While this concession in rates will be of some value to the vegetable producers of Florida, yet it is not as great as it is believed the shippers are entitled to, and the Florida Commission has prepared a tariff of proposed rates on fruits and vegetables which they have today sent to the traffic officials of the Southern Express Company for their approval. The preparation of these rates, covering as it does rates between every station in Florida and every town of a thousand or more inhabitants in all the States south of the Ohio and Potomac rivers, has required considerable time and careful work on the part of the Commission.

The Southern Express Company has

been given until the 16th of July to consider the proposed rates and to approve or disapprove them. If the rates are disapproved, the Florida Commission will immediately take the case before the Interstate Commerce Commission at Washington, D. C., and urge that Commission to prescribe the proposed rates in lieu of the ones now in effect.

Hon. L. C. Massey, Special Counsel for the Railroad Commission, is in Pensacola, where he went to make a motion before the United States court, asking for the appointment of a master for the taking of testimony, which will be presented by the Railroad Commission in the L. & N. passenger rate case.

Commissioners Burr, Blitch and Dunn will leave this morning to make a personal investigation as to the necessity for agencies or depots at Glen St. Mary, Bostwick, Florahome, Wade, Citronelle, Taylorville and Ocoee. Petitions have been received from each of these points asking for the construction of a depot or the establishment of an agency. It will require a week or ten days for the Commissioners to complete this investigation.

Keep your eye on the want ads. There may be something advertised which is of interest to you.

Want Only White Men As Enumerators in the South

WASHINGTON, July 5.—Concerned about what they suppose to be the possibility that negroes may be sent into the homes of white residents of the South as enumerators to gather information for the thirteenth decennial Federal census, Democratic members of Congress will urge President Taft to give instructions that only white enumerators shall be employed in districts south of the Mason and Dixon line. Representatives of the Southern States in Congress say that they have little hope of preventing

the employment of negroes unless the President interferes.

Reports of the experience of the Virginia delegation in seeking a portion of the census patronage from that State have disturbed the Southern representatives. Senator Martin and Representative Hay of Virginia, it is said, were informed by Director Durand that the recommendations of the Republican referees in the Southern States would govern, wherever possible, in the designation of supervisors of the census. The super-

visors will select enumerators, and it is desired by Southern Congressmen that they shall be instructed not to employ negroes except for sections where none but negroes reside.

As passed by the House the census bill provided that the enumerators should be appointed by the President. The usual requirement that the appointment should be contingent upon the advice and consent of the Senate was absent. An amendment was adopted in the Senate supplying this deficiency. When the bill was considered in conference the President is said to have told some of the members that if the Senate provisions were eliminated he would see to it himself that a satisfactory class of supervisors and enumerators would be employed. Senator Tallafro then called at the White House and he says he understood the President as giving him the same assurance. The Florida Senator then voted in conference to strike out the provision requiring that the appointments should be confirmed by the Senate, but in spite of the fact that a majority of the conferees of the Senate, which originated the amendment, voted to strike out the provision, the House conference and a minority of the Senate conferees decline to abandon it.

Democratic Senators assert that it was their understanding that census enumerators in the Southern States should be apportioned between the Republican and Democratic parties. They said that it is not the loss of this patronage that disturbs them, but fear that the Republican referees will "pay political debts" through the appointment of negroes. Thus far in the administration of President Taft all of the Republican patronage referees in the Southern States have been white, but that condition has not always existed. It is asserted also that some of these referees are largely under obligations to negro leaders for the permanent positions they held in Republican councils.

All of these conditions tend to occasion concern in the South. The fact that admission to the home cannot be denied to enumerators, white or black, who hold Government commissions to gather statistics, serves to aggravate the situation. It is for this reason that the minority in Congress has decided to appeal to the President.

CLEANING THE GUTTERS.

Commissioner Dell Doing Good Work
About the Square.

Street Commissioner Dell is doing good work about the square in the cleaning of the gutters which have become clogged owing to the heavy washing rains.

The trash and sand thus obtained is taken to other low places in the streets and answers for a two-fold purpose—while cleaning he is at the same time refilling some bad holes about the city.

The improvement is very noticeable and is commented upon freely by the citizens.

Property Changes for Week.

Realty has not been so lively for the past week, due largely to this being the dull season and a large number of citizens leaving to spend the summer abroad. Following is the list as recorded in the clerk's office:

Nelson Williams to H. C. Williams; L. R. McKinstry to Theora Fleming; W. O. Morris to D. B. Morris; D. B. Morris to F. G. Morris; P. K. Richardson to J. L. Wolfenden; F. E. Williams to Camp Phosphate Company; J. R. Pardue et al to Mrs. E. A. Pardue; A. D. Simmons to C. S. Rumph; W. J. Martin to L. J. Brown; W. R. Thomas to J. N. Newsome; W. P. Perkins to Winnie Ross; G. W. Peacock to T. J. Peacock; F. Mansfield to T. J. Peacock.

Just forty minutes after Remillard was declared dead at the hospital, he was wheeled from the X-ray room to a ward and placed in a bed, his name being taken from the list of dead and placed on the "will recover" list.

X-Ray Revives Man Who Had Been Dead 40 Minutes

WORCESTER, Mass., July 5.—Forty minutes after Joseph Remillard, a baker's assistant, aged 40, had been pronounced dead at the City Hospital, the man sat up in the morgue coffin and said:

"What a nice sleep I have had." To Dr. Edgar L. Drew, the new superintendent of the City Hospital, here, belongs the credit of bringing the baker back to life.

As Remillard, who had been overcome by the heat and died, as the doctors said, was being wheeled in a pack of ice into the morgue, in the coffin used for the purpose, Dr. Drew passed in the corridor. The doctor pulled back the sheet covering the officially dead man. "This man is not dead," he said after a critical glance. "I am going to try to save him."

Remillard, under Dr. Drew's orders, was wheeled into the X-ray room.

Fifteen minutes elapsed in the X-ray room. Dr. Drew was insistent. He ignored the credulous looks of the other physicians and insisted on applying current after current and all sorts of shocks on the officially dead man. There was a tremor of the man's limbs. Then the doctors eagerly surrounded the coffin in which the man lay. The muscles quivered and contracted. The chest heaved and a sigh broke the silence of the room. Remillard's eyes opened, a faint color stole into the marble face.

"What a nice sleep I've had," he murmured, drowsily.

"More electricity," ordered Dr. Drew.

Just forty minutes after Remillard was declared dead at the hospital, he was wheeled from the X-ray room to a ward and placed in a bed, his name being taken from the list of dead and placed on the "will recover" list.

The want ads. do more real estate business than all other brokers combined—in fact, they "start" most of the business that the brokers and agents finish.

HEAVIEST RAIN FALL WITNESSED IN YEARS

Tampa, St. Petersburg, Fort Myers and Other Places
in South Florida Are Flooded.

The Tampa Tribune of Sunday, July 4, contains the following concerning the great precipitation of rain fall experienced in that section:

"Florida and especially this section, is still in the grasp of the heavy rain storm which began Tuesday afternoon and as yet shows no signs of abatement. The precipitation has been tremendous, it being asserted that not for twenty years has there been a continuous rain such as has taken place the past week, and other places in South Florida have suffered worse than Tampa. The rainfall as shown by the local weather bureau has been 11.17 since Tuesday noon, which is nearly a foot.

"The storm center has been moving northward very slowly, having only reached Jacksonville Friday and Charleston yesterday. Everywhere in its wake, rains have been experienced, but the precipitation in the northern part of the State has not been anything like that experienced in this section, only light showers having been experienced in Jacksonville. Key West has not been visited by heavy rainfall since the first deluge recorded, which nearly came up to Tampa's record for twenty-four hours. Mobile has been visited by heavy precipitation in the last twenty-four hours.

Work of Storm.

"Everywhere low spots have been flooded and serious damage has been done to crops in some sections, while water is standing in some of the low

streets of this city. Many Tampans have found that they are living in houses with leaky roofs, which were not apparent before the storm demonstrated the fact, and carpenters will be given plenty of work within the next few weeks repairing them.

"The dampness has been so great in Tampa during most of the past week that many cigar factories have been compelled to close down temporarily, as the dampness effects the tobacco so that it can be handled only with the greatest of difficulty. Some factories have taken advantage of the weather to take stock. Others have kept right on at work and have turned out unusually heavy outputs and the shipments of cigars have not fallen off to an appreciable extent."

St. Petersburg Flooded.

The St. Petersburg Independent of Saturday, July 3rd, gives the following account of the situation in that city:

"The unprecedented rain has caused a slackening of business. Merchants in all parts of the city are telling of a dearth of customers and a curtailing of their daily sales.

"Rain has fallen in such quantities and so continuously that even though the residents would wish to leave their homes and come up town to do their accustomed shopping, they could scarcely do so.

"The men and boys on the delivery

(Continued on Page Two.)

Strange Malady Affects Horses on the East Coast

Fatalities among the horses in this section as the result of the prevailing disease, spinal meningitis, says The Fort Pierce Tribune, continue, and several more have been added to the list. In the past two weeks over a score of horses have died in the county, entailing a heavy loss.

On Friday State Veterinary Surgeon Thomas J. Mahaffy, of Jacksonville, came to this city to make an examination, after which he declared the prevailing disease to be cerebrospinal meningitis. After examining a number of samples of grain, he said

that in his opinion the malady was caused by a poor quality of feed which has been coming into this section of late. He held out no hopes of immediate relief until the coming of the new crops, as the present feed is from the bottom of the great Western elevators, where it has been lying for months, becoming musty and infected with the disease. He further stated that horses rarely responded to treatment, and that prevention was the only way to stamp it out. He recommended the free use of disinfectants around the feed boxes and water troughs.

Blind Senator Witnesses Flight of the Aeroplane

WASHINGTON, July 5.—Through going out to Fort Myer repeatedly to "see" the Wright brothers fly in their aeroplanes, Senator Gore, from Oklahoma, is fast becoming one of the most enthusiastic aeronauts in Washington, yet the Senator is stone blind.

Senator Gore's substitute for the eyes he lost by a series of accidents during his youth is his wife and a keen sense of hearing, to both of which his mind is peculiarly attuned. From them he attains the thrill of excitement that others experience through first hand perception. He is well satisfied with second hand.

The presence of Senator and Mrs. Gore on the Fort Myer drill grounds is regarded as an excellent example of the way in which her eyes and his mind work together. Few men in Washington are affected by the atmosphere of an event as the Senator. That helps him to comprehend the quiet words of his wife, as she explains every move of the aviators, of the success or the failure of the machine in starting, in maintaining itself in the air, and in descending. When all is concluded Senator Gore is just as anxious to applaud as any other spectator.

The Oklahoma Senator also is very fond of watching a baseball game, and he is a frequent patron of the American League games here. Senator Gore's wife knows more about baseball than many wives' husbands.

OWENS HAS ONLY FEW MORE DAYS TO LIVE

PREPARATIONS FOR HANGING
NOW BEING MADE.

Photographer Smith Will Visit Jail
Today to Make Picture of Man,
Wife and Child.

Unless some intervention by Governor Gilchrist in the meantime, H. L. Owens, the condemned man now confined in the county jail, will be hung in that place on next Friday at noon, as per the death warrant which has already been read to him by Sheriff Ramsey.

During the past few days, the Sheriff has been making necessary preparations for the hanging, and will put the rope to stretch today, after a thorough oiling, that will be used.

Many of those who have been working in behalf of Owens have had a strong belief that some intervention would be made by the Governor, but after Monday passed, without having received any information, or having heard nothing in reference to the report as rendered by the special physician sent here, they have given up hope to a certain extent, and gone about other arrangements to prepare the man more fully to meet his God.

At the request of the wife, Photographer Smith will visit the county jail today and take a photograph of the trio, father, mother and little infant son, in the main cell up-stairs. This is done that she might have a picture of him to keep afterwards, and also show it to the young son after he has grown up.

Besides the diligent way in which the man has been reading his Bible, a number of ladies have visited the jail and have assisted Rev. Hay in a large measure.

Only about three and one-half days remain before he will be walked to the gallows, and from all indications at present he will still continue to contend that he has done his duty in the killing of the men he is charged with having murdered.

DEATH OF MRS. HUSBAND.

Passed Away at the Home of Her Father in Starke.

MELROSE, July 5.—Although not unexpected, yet the sad news of the death of Mrs. O. C. Husband at the home of her father, Hon. L. D. Wall, in Starke, which reached our town on Saturday afternoon, caused universal expressions of sorrow and regret among her many friends.

The good qualities of Mrs. Husband as a wife, mother and daughter, as a steadfast and untiring member of the Methodist Church and as a true and firm friend are so well-known among those who were privileged to know her, that she needs no further eulogies—her memory will ever be cherished by all.

The funeral took place here on Sunday morning and was one of the most largely attended in many years, friends coming from far and near and bringing most beautiful flowers, showing how much thought of and how much beloved the dear departed was by all who knew her.

The service at the house was most impressively conducted by Rev. C. W. Inman of Starke, who, after reading the usual funeral service, quoted several verses of scripture most touchingly appropriate to the life, character and early death of Mrs. Husband. Several of her favorite hymns were sung by the church choir during this service and later on at the grave. The funeral arrangements were in charge of G. C. Livingston of Starke.

who displayed excellent taste in the decoration of the grave, the same being lined with white cloth and this was in turn decorated with roses, ferns and other flowers.

Among those present were Hon. L. D. Wall, W. L. Wall, A. E. Wall and T. Wall, W. A. Bessant, A. Bessant, the Misses Bessant, and A. V. Long, all from Starke; J. P. Wall, Putnam Hall; Mrs. W. M. Huffman, Dunnellon; O. G. Husband, DeLand; Dr. and Mrs. J. H. Alderman, Gainesville; Lee Goodson, Palatka.

The deepest sympathy of the entire community is extended to the sorrowing family.

Notes.

The union Sunday school picnic at Earleton announced for July 25 did not take place on account of rain.

Albert Goodson has so far recovered that he is able to be out on the streets once more.

J. S. Hannan, agent for the Security Life Insurance Co. of America, was in town looking up business during the week.

The past week was one of the wettest in many years, a total of 6.85 inches of rain falling between Monday morning and Saturday night.

Miss Sadie Mullin has tendered her resignation as postmistress and a petition for the appointment of O. C. Husband is being extensively signed.

HAS ENTERED SUIT.

J. H. Holly Wants \$600 Damages
From the County for Fence.

J. H. Holly, the cattleman and merchant of Arredondo, has entered suit against the county, and states that his damages are \$600 from a tree that was cut down across his fence and which ultimately caused the ruin of a fine pasture of velvet beans.

In building the public road, the road hands felled a tree across one of his fences which enclosed the pasture of velvet beans.

A Contented Woman

Is always found in the same house with Ballard's Snow Liniment. It keeps every member of the family free from aches and pains, it heals cuts, burns and scalds and cures rheumatism, neuralgia, lumbago and all muscular soreness and stiffness 25c, 50c and \$1.00 a bottle. Sold by W. M. Johnson.

Sold Out Stock.

Sheriff P. G. Ramsey and Attorney J. M. Rivers made a short business visit to Hague yesterday for the purpose of closing out the stock of merchandise of M. B. Davis at that place. The entire lot of goods was bid in by Moses Edelstein from this city.

"Generally debilitated for years. Had sick headaches, lacked ambition, was worn-out and alrun-down. Burdock Blood Bitters made me a well woman." —Mrs. Chas. Frentoy, Moosup, Conn.

HEAVIEST RAIN FALL WITNESSED IN YEARS

(Continued from Page One.)

wagons are having many hardships to pass through on account of the rainy weather.

The damage to the phone system on the north side of the city has not yet been repaired. Water was driven against the cable, causing a damage and rendering useless all the north-side phones—about seventy-five in number.

The railroad and boat lines entering the city have not their accustomed business. The street car system is not carrying their regular quota of daily passengers. The annual excursion of the Atlantic Coast Line to the Carolinas, conducted from Florida, was almost a failure this year. Passengers were confined to only those who had to go—no pleasure seekers being carried.

"Small craft and coasters are keeping close in, waiting for the weather to break. The tide is high, the prevailing southwest winds back the waters of the Gulf up in such a fashion that practically an even gauge has been held for the past forty-eight hours.

"Those rich trucking lands located in the northwestern part of the town, and all low lands on the peninsula, are under water, some to a depth of several feet. Much damage will be the result to the truckers who have growing crops on all the lands.

Damage at Fort Myers.

"At Fort Myers rain began to fall on Monday, and, according to The Press, the fall amounted to twenty-two inches before Thursday morning. The streets of the city were flooded and the Atlantic Coast Line train was laid up there for three days unable to get out of Fort Myers. The express and mails were brought to Fort Myers by boats and wagons.

"At Alva and other towns along the Caloosahatchie the stores were flooded to the depth of two to four feet."

SOLD CITY PROPERTY.

Tax Collector Ellis Bids Off a Number of Lots Monday.

Pursuant to the advertised list, which has been running for the past thirty days, City Tax Collector Ellis offered for sale Monday, in front of the court house, all of the property that remained unpaid.

There was very little bidding done and most of the property was bought in by the city, but the entire list, which is the largest in years, was all disposed of during the morning hours.

This being the regular rule day, a number of sheriff and special masters' sales were also conducted.

Card of Thanks.

Editor Sun: I left High Springs May 26th with a very heavy heart and a dark way before me. I had not been here long until I began to get letters from home that gave me great comfort. I want to thank the many kind friends of Alachua county for their generous aid to my family. This is the second time in three years that you have helped to lift us up out of the ashes. We would thank churches, societies, lodges and individuals for their part in this labor of love.

May the Lord abundantly reward you all.

I wish to say: I feel benefited some from my stop here. Gratefully,

S.S.S. NATURE'S TONIC

The very great majority of persons need a tonic in the Spring or early Summer. The system undergoes a change at this season and the entire physical machinery is disturbed. The general bodily weakness, a tired, worn-out feeling, fickle appetite, poor digestion, a half sick feeling and a general run-down condition of the system, show that the blood is weak or anaemic, and a blood purifying tonic is needed to build up the deranged system and enrich the blood. The use of S.S.S. at this time may save you from a long spell of sickness, and it will certainly prepare you for the long, hot Summer. Many people have put off using a tonic until the system became so weakened and depleted it could not successfully throw off disease germs, and have paid for the neglect with a spell of fever, malaria or some other debilitating sickness. S.S.S. is Nature's ideal tonic. It is a composition of the extracts and juices of roots, herbs and barks which science and experience have proven are best fitted for a tonic to the human system. It contains no minerals of any kind and is therefore perfectly safe for persons of any age. S.S.S. tones up the stomach and digestion, rids the system of that tired, worn-out feeling, and imparts vigor and strength to every part of the body. It purifies and enriches the blood, stimulates the secreting and excreting members to better action, quiets the overstrained nerves, and makes one feel better in every way.

A. M. CUSHMAN, Agent, Gainesville, Florida

VISITORS WERE EASY FOR THE INVINCIBLES

BETTER GAME WILL BE PLAYED
THIS AFTERNOON.

"Conchs" Winded in the First Half
and Never Recovered in Time
to Prevent a Shut-Out.

Gainesville took the first of the series from the St. Augustine ball players at the lot Monday afternoon in rather a poor exhibition of the National game from the visitors' side, for after the first inning, when seven runs were piled up against them, they were out of all "sorts" and exerted no special effort to make it in anywise close.

The Oak Halls played good ball—so to speak—but they did not put all of the giner in the game that they could have done, had the score looked different—or if they had had the slightest indication that it would have been—they got all they wanted, and that was a shut-out.

The St. Augustine players were handicapped by a split team, but they have new material that will be in the game today to make it interesting for the home team—in fact they say they will win the game, and you want to put in your appearance at the park and see just how much they will keep their promise.

Some extra nice work is expected from the high-priced pitcher they have engaged from Jacksonville to do their twirling this afternoon. Manager Davis states he will place Lawson against them.

There was only two errors chalked up against the home team, while the visitors are credited with a baker's dozen—13—and it wasn't a fine day for errors, either.

The Score by Innings.

Oak Halls 7 0 2 0 0 1 2 2 1—15
St. Aug. 0 0 0 0 0 0 0 0 0 0—0

Umpire—Lee Graham.

Batteries—Gainesville, Spottswood and Bullock. St. Augustine, Canova and Joe Capo.

Hits—Oak Halls 6, St. Augustine 2. Errors—Oak Halls 2, St. Augustine 13.

Three-base hits—Allen.

Base on balls—Spottswood 1, Canova 4.

GAINESVILLE HARDWARE CO.

Poor, Foolish Woman!

Think of her attempting to make ice cream in the old disappointing way! With

JELL-O ICE CREAM Powder

she can make the most delicious ice cream in ten minutes, freezing and all, at a cost of about one cent a dish—and never go near the stove.

Your grocer will tell you all about it, or you can get a book from the Genesee Pure Food Co., Le Roy, N.Y., if you will write them.

Grocers sell Jell-O Ice Cream Powder, two packages for 25 cents.

Two-base hits—Bullock.

Struck out—Spottswood 11, Canova 3.

Double plays—Allen to Miller.

Get busy, for another time is coming. St. Augustine has new material for today's contest.

Don't think that the "Conchs" can't play because they made a few errors Monday. They will be in the game today.

"Going to mop-up" is the way the St. Augustine "Conchs" have it sized up today. Which side will use the mop?

Allen's three-bagger was a beauty, and then pulled from another at deep center—he's the right kind of material to pick up.

Canova worked hard, and just think of it—he was formerly with the Oak Halls.

Hendricks stole 'em some, but it's all in having the nerve.

"Pop" Watson was working for them shoes. Just a few feet further today and wear them on the road.

Accidents happen with all of them—who knows what today's result will be? A different story may be told.

Everyone is talking Ocala excursion, and Manager Davis had better charter a large train. Ocala is certainly blowing 'em some over the victory and needs trimming in a neat manner.

Gainesville vs. Archer.

The Oak Hall Juniors and the first nine of Archer crossed bats Monday with a resulting score of 6 to 3 in favor of the Oak Hall, Jr.s.

The Gainesville boys played an exceptionally good game. Only two errors were compiled against them. Kinnebrew twirled the ball like an old American Leaguer, allowing only two hits, and fanned seventeen men, while Douglass, behind the bat, was a winner. "The Jew" played an errorless game at short. The other three sacks were covered by Carter, Merchant and Vidal, who proved a stone wall infield.

All the boys handled the willow in a la Wagner and Tyrus Cobb style.

Starved to Death

Is what could truthfully be said of many children who die. They have worms, poor little things—they don't know it and you don't realize it. If your child is cross, fretful, pasty-complexioned and loses weight for no apparent reason, give it White's Cream Vermifuge—you will be surprised at the results and how quickly it picks up. Sold by W. M. Johnson.

Confederate Veterans Meeting.

The quarterly meeting of Stonewall Camp, U. C. V., was held in this city Monday, when a number of out-of-town Confeds were present. It was held to transact the usual routine of business and nothing of special interest was recorded.

Get DeWitt's Carbolized Witch Hazel Salve when you ask for it. There are a great many imitations, but there is just one original. This salve is good for anything where a salve is needed to be used, but it is especially good for Piles. Sold by all druggists.

Want advertising is a force which you can harness, and with which you can drive your plans and purposes to any desired destination.

NEWS OF CITY AND COUNTY CONDENSED

Mrs. S. A. Robinson of Reddick arrived in the city yesterday on a visit to her daughter, Mrs. A. S. Taylor.

Mr. and Mrs. R. D. Medlin made a short visit to the farm at Hague yesterday, returning on the night rain.

T. C. Fraiser of Alachua and John Malphurs and W. R. McGregor of Santa Fe were among the visitors here yesterday.

Bilious? Feel heavy after dinner? Tongue coated? Bitter taste? Complexion sallow? Liver needs waking up. Doan's Regulets cure bilious attacks. 25 cents at any drug store.

Robert Adams, "Buck" Bradley and Royal Cole formed a party of Ocala baseball enthusiasts that came up yesterday to take a peep at the game between the Oak Halls and St. Augustine. A much better contest was expected, but it will happen today.

Joseph Barry, one of the pioneer citizens of the Worthington Springs section, was renewing his many Gainesville acquaintances yesterday. He states he has recently taken up two bult-headed steers which look to be about five years old, crop and upper half-crop in one ear and under square in other; brand resembles "F3." He is very desirous of finding the owner.

H. S. Chambers, the popular fire chief of the Ocala fire department, passed through Gainesville yesterday on his annual vacation. He will visit Jacksonville and the beach for a short while before proceeding to Georgia points to spend the remainder of his time. They have a good department in the Brick City under his able management and make quick time in responding to an alarm when given.

If you have pains in the back, weak back, or any other indication of a weakened or disordered condition of the kidneys or bladder, you should get DeWitt's Kidney and Bladder Pills right away when you experience the least sign of kidney or bladder complaints, but be sure that you get DeWitt's Kidney and Bladder Pills. We know what they will do for you and if you will send your name to E. C. DeWitt & Co., Chicago, you will receive a free trial box of these kidney and bladder pills. They are sold here by all druggists.

Surprising,

What Kodol Will Do

For you, when you need it. But the longer you neglect Indigestion, the more you will suffer before Kodol can restore Good Digestion.

And, of course, indigestion if neglected long enough, brings on serious diseases in which Kodol cannot benefit you. Some of these there is no help for at all.

There are, in fact, very few ailments which cannot be traced directly to impure blood. And impure blood is always due to a disordered stomach.

Use Kodol and prevent Nervous Dyspepsia.

Kodol will effectually assist Nature to secure a complete restoration of good digestion. It does this by at once digesting all food in the stomach and keeping it digested, until the stomach is rested and can resume its own work. Kodol removes the cause—and the effect quickly removes itself.

When it is recalled that Apoplexy, Heart Disease, Cancer—and even Consumption—are due to poor digestion and poisons thus transmitted to the blood, and throughout the system—the importance of maintaining good digestion is at once realized.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.

We knew what Kodol would do before ever the first bottle was sold. If we did not know just what it will do, we would not guarantee it the way we do.

It is easy for you to prove Kodol—the next (or the first) time you have an attack of indigestion. And you will certainly be surprised at the results. It is perfectly harmless.

There can be no harm in trying something that may do you a great deal of good—when it costs you nothing.

Our Guarantee

Go to your druggist today and get a dollar bottle. Then after you have used the entire contents of the bottle, if you can honestly say, that it has not done you any good, return the bottle to the druggist and he will refund your money without question or delay. We will then pay the druggist \$1.00 for the bottle. Don't hesitate, all druggists know that our guarantee is good.

This offer applies to the large bottle only and to but one in a family. The large bottle contains 2½ times as much as the fifty cent bottle.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.

ST. JOSEPH AID SOCIETY.

State Grand Lodge in Annual Session
at Mt. Pleasant Church.

The Grand Lodge of the St. Joseph Aid Society, one of the largest benevolent organizations of the colored people in the South, is holding its annual session in the Mt. Pleasant Methodist Episcopal church, Rev. Thomas H. B. Walker, D. D., pastor. Rev. Walker is himself the founder of the organization, it having been instituted in 1897.

The headquarters of the organization is in Jacksonville, where the hall of the Supreme Lodge is located, at the corner of Darwin and VanBuren streets, in Campbell's Addition. There are seven Grand Lodges and five District Missions, under district representatives, comprising a membership of over 40,000. The order extends from Virginia on the north to Arkansas on the west, including the Gulf States.

Delegates are in session from all over the State, and there are representatives from the Grand Lodges of Alabama and Georgia. The annual sermon to the fraternities was delivered in the Mt. Pleasant M. E. church on Sunday night by Rev. E. L. J. Banks, of Citra, Fla. The Grand Lodge was formally opened Monday morning in the hall in the rear of the church on North Pleasant street, with the Grand Chief, Rev. T. H. B. Walker, D. D., presiding, and other Grand Lodge officers occupying their regular places. After the regular ritualistic service, and the roll call, the Grand Chief delivered a very able address to the organization, and this was followed by the appointment of the usual committees.

Several addresses were delivered

NATURE SPARES

The Stricken Rose From Grief.

What a fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its bloom, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Hericide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading drugists. Send 10c in stamps for sample to The Hericide Co., Detroit, Mich. J. S. Bodiford & Co., Special Agents.

Notice of Application of Sale.

Notice is hereby given to Mrs. H. Jones, Griffin, Georgia; Mrs. Lena Jones, Griffin, Georgia; Miss Annie E. Rose, Griffin, Georgia; Otys G. Rose, Cedartown, Georgia; W. J. Rose, Minnesota, Texas; Mrs. M. E. Rose, Woodlawn, Alabama; Hugh B. Rose, St. Louis, Missouri; Albert Rose, Birmingham, Alabama; Joseph T. Rose, Memphis, Tennessee; Mary Rose, Memphis, Tennessee; F. T. Kelly, as guardian of Mary Rose, Memphis, Tennessee; W. J. Rose, ——, Eugene Rose, ——, and all whom it may concern that the undersigned, as Administrator of the estate of Thomas E. Rose, deceased, will, on the 5th day of August, A. D. 1909, apply to the Hon. J. T. Wills, Judge of the Circuit Court of the Eighth Judicial Circuit of Florida, in and for Alachua county, at his office in Starke, Florida, at nine o'clock a. m., or as soon thereafter as the matter can be heard, for authority to sell at public sale the real estate belonging to the said estate situated in Alachua county, Florida, being more particularly described as follows: towit: Five acres of land described as follows: Bounded on the North by lands of H. M. Smith, on the East by right-of-way of Atlantic Coast Line railroad, on the South by land of Mrs. Lizzie Reeves, on the West by land of Austin Ross.

The morning session adjourned at 11:30 o'clock, and reconvened at 3 in the afternoon. After the usual opening exercises, the report of the committee on credentials was heard, and after all had been passed upon, the Grand Lodge got down to real business. Important business took up the rest of the afternoon, and adjournment was taken at 5:30 o'clock.

Quite a large number of delegates arrived on the evening train, and the welcome addresses were delivered at the church at the evening session to a large audience of delegates and friends.

Rev. George Lane Russ of Jacksonville, pastor of the New Zion M. E. church, was master of ceremonies. After several selections by the choir of the church, Rev. J. C. Spears of Leesburg, Fla., led in prayer. Rev. A. T. Tillman delivered the welcome address on behalf of the ministers, and President S. B. Wills of the city lodge of S. J. A. welcomed the delegates on behalf of the lodges. Rev. R. D. Rowe delivered the address on behalf of the citizens, and the responses to the various addresses were delivered by Mrs. Mary Jones of St. Petersburg, and Isaac William Jenkins of the staff of The Florida Times-Union, who is representing the daily papers of Jacksonville.

The last speaker was Rev. Scott Bartley, the Grand Financial Secretary of Tampa, who delivered the annual address to the order, and spoke in a manner pleasing to all. He was fittingly introduced by Rev. T. H. B. Walker.

After announcements, the benediction was pronounced by Rev. Bishop C. H. Payne of Tallahassee.

Noisy Avians.

The bellbird, which makes perhaps in its natural state the greatest noise of any known avian, is found both in South America and certain parts of Africa. Its voice will carry on a still day a distance of quite three miles. Its note is like the tolling of a distant church bell and is uttered during the heat of the day, when every other bird has ceased to sing and nature is hushed in silence. The hornbill, a bird which is widely distributed in India, the Malay archipelago and Africa, has also a very loud note. Its call has been described as "between the shriek of a locomotive and the bray of a donkey" and can be heard a distance of a couple of miles.

Where the Hippopotamus Lurks. Herds of hippopotamuses are not found everywhere in central Africa. They stick to the swampy shores overgrown with the papyrus plant which affords them cover by day when they come out to rest. At night they feed on land, sometimes walking long distances away from the lake or river in search of palatable herbs. The hippopotamus is a great eater. A cow hippopotamus stays with her calf until the young one gets strong enough to walk and swim.—Exchange.

For Feverishness and Aching Whether from Malarious conditions, colds or overeating, try Hicks' Capudine—it reduces the fever and relieves the aching. It's liquid—10c, 25 and 50 cents at drug stores.

THE GENTAUR COMPANY, 77 MURRAY STREET, NEW YORK CITY

The Prayer He Didn't Make.

In a certain parish near Dumfries a newly made elder was summoned to the sickbed of a parishioner. Being naturally a bashful man, he was in great anxiety as to the "prayer he wad ha'e to pit up" and wished to avoid going altogether. At length he was persuaded by his wife and started on his errand. On his return his wife greeted him with the query:

"And how did ye get on, William?"

"Oh, grand! He was deid."—Dundee Advertiser.

Are YOU Being "Hunted?"

One of today's want ads. may be hunting you—ransacking the city for you. It may have a message for you of urgent personal importance—one that, when you get it, and heed it, may change the immediate currents of your activities, of your interests—may even place around and about you new environments, new associates; may give you an entirely new start in a business way.

Isn't it worth while to try to find out whether this may not be true—today, tomorrow, or very soon?

THE CAMEL.

Characteristics of the Patient, Strong and Useful Animal.

As far back as the middle of last century General von Moltke in his descriptive letters from Asia Minor had many good words to say about the camel. "This animal," he said, "can carry a burden of nearly 600 pounds and is used by the nomads and Arabians in taking their women, children, old men, tents, food, water, etc., from place to place. It is able to withstand a march of ten days without drink, and a fifth stomach ever reserves a drink for its master in an hour of extreme distress. The hair of the camel is used for clothing and tents. The milk and flesh are healthy. It exists on the most miserable food, such as grass and thistles. Such are the characteristics of this patient, strong, defenseless and most useful of all animals."

A camel is never relieved of its load from the beginning of the journey to its end. It eats, walks and sleeps under its burden, often for weeks at a time. The training of a camel is no easy matter, as it takes about three years to teach it to bend the knees in order to be loaded and unloaded.

While as the time passes the camel will not be able to withstand the keen competition of the new railways which are piercing every part of Asia Minor, yet, thanks to the power of tradition over the Turkish inhabitants of the country and their fondness for these animals, the caravan routes today are still able to hold their own side by side with the Anatolia, Cassaba and Aden railways. Hundreds of camels pass over the caravan bridge into the city of Smyrna every day, and in the market place in front of the mosque of Mohammed at Constantinople many camels may still be seen.—Philadelphia Ledger.

Not Since the Flood.

Sir Henry Irving once received what he at the time considered a very palpable snub, delivered him by a Highlander. While touring in Scotland the actor visited some of the notable traditional scenes associated with Shakespearean drama. As a matter of course one of the first pilgrimages was to the blasted heath where Macbeth met the witches. In an agreeable mood Sir Henry as they drove along turned smilingly to his driver.

"Are there any witches about now?" he asked.

The driver whipped up his horses. "Not since the flood," he replied in his curt Scots way.

Pitch and Tess.

The professor happened in at the doctor's the other morning and found him polishing the belongings on the sideboard.

"Improving the shining hours, are you?" he said.

"No, sir," replied the doctor. "I'm improving the shining ewers."

"H'm!" ejaculated the professor. "Whose are they?"

"They're ours."

"Well, isn't that what I said?"—Chicago Tribune.

Worth the Price.

"There," said Borem, "that's what I think you should do in the matter. I'm no lawyer, but this is just a little bit of advice that costs you nothing. What do you think of it?"

"Well," replied Wise, "it's worth it."

—Exchange.

A Lucky Mishance.

"At the last moment Fakem lost his nerve."

"Then pray kind fate that nobody else will ever find it."—Baltimore American.

For HEADACHE—Hicks' CAPUDINE.

Whether from colds, heat, stomach or nervous troubles, Capudine will relieve you. It's liquid—pleasant to take—acts immediately. Try it. 10c, 25c and 50c at all drug stores

ABOUT ADVERTISING—NO. 9**The Doctor Whose Patients Hang On**

By Herbert Kaufman.

Out in China all things are *not topsy turvy*. *Physicians are paid for keeping people well* and when their patients fall ill their weekly salary check is stopped. The Chinese judge a medical man not by the number of years he lives, but by the length of time his clients survive.

An advertising medium must be judged in the same way. The fact that it has *age* to its credit isn't so important as the *age of its advertising patronage*. Whenever a newspaper continues to display the store talk of the same establishment year after year, it's a pretty sure sign that the merchant has *made money* out of that newspaper, because no publication can continue to be a losing investment to its customers over a stretch of time without the fact being discovered. And when a newspaper is able to boast of an honor roll of stores that have continued to appear in its pages for a stretch of decades it has *proven its superiority* as plainly as a mountain peak which rises above its fellows.

The combination of *stability and progress* is the strongest virtue that a newspaper can possess. *Only the fit survive*—reputation is a difficult thing to get and a harder thing to hold—it takes merit to earn it and character to maintain it. There is a vast difference between *fame* and *notoriety*, and just as much difference between a *famous newspaper* and a *notorious one*.

Just as a manufacturer is always eager to install his choicest stocks in a store which has earned the respect of the community, just so a retailer should be anxious to insert his name in a newspaper which has *earned the respect of its readers*. The manufacturer feels that he will receive a square deal from a store which has age to its credit. He can expect as much from a newspaper which is a credit to its age!

The newspaper which outlives the rest does so because it was *best fitted to*—it had to *earn* the confidence of its readers—and *keep it*. It had to be a *better newspaper* than any other, and *better newspapers* go to the homes of *better buyers*. Every bit of its circulation has the element of *quality and staying power*. And it is the *respectable, home-loving* element of every community—not the touts and the gamblers—toward which the merchant must look for his business *vertebrae*—he cannot find buyers unless he uses the *newspaper* that enters their homes. And when he does enter their homes he must not confuse the sheet that comes in the back gate with the newspaper that is delivered at the front door.

GAINESVILLE, —THE— University City.

Gainesville is conceded to be the most enterprising as well as the most beautiful city in the interior of Florida. It is located in the very center of the State, half way between the Atlantic and Gulf Coasts, surrounded by lands of such fertility as to be capable of producing a great variety of crops; in the heart of the truck-growing, phosphate and naval stores belt. She has the best educational advantages in the State, good churches, with edifices which are superior to any town of its size in Florida, with large and consistent congregations; has a climate which cannot be excelled for health and pleasure. All these natural advantages, combined with a progressive and enterprising cosmopolitan citizenship, are sure to make a big city.

There are many natural attractions in close proximity to the city, some of which are Alachua Sink, Paine's Prairie, the Devil's Mill Hopper, Warren's Cave, and Lake Newnan, all of which are reached by private conveyance.

Spring Park Stock Farm, the largest and finest live stock farm in the State, is only eight miles west of the city, and is reached by a good hard road, affording a most pleasant drive.

The farmers of Alachua county, of which Gainesville is the county seat, "live at home and board at the same place." The temperature is very uniform, scarcely ever reaching the nineties in summer or the twenties in winter. The population of Gainesville is about eight thousand, representing nearly every nationality on the face of the earth, and strangers always meet with a hearty welcome.

The University of Florida for young men and the National Agricultural Experiment Station are located within the corporate limits of the city. In fact, Gainesville has so many things that we must be pardoned if we omit a few of them in the following enumeration of what

Gainesville Has:

One artist.
No saloons.
One garage.
Four hotels.
Four banks.
Four dairies.
One foundry.
Water works.
Ten churches.
One gas plant.
Two tin shops.
Three bakeries.
Ten physicians.
Six fruit stores.
Two gunsmiths.
Six restaurants.
One seed store.
Board of Trade.
Six drug stores.
Four shoe shops.
State University.
Masonic Temple.
Twenty lawyers.
Two paint shops.
Four contractors.
One bicycle shop.
Baseball diamond.
Two ice factories.
Six music schools.
One variety store.
One public library.
Two wagon works.
Two planing mills.
Two racket stores.
Two lumber yards.
One marble works.

Water "that has made Gainesville famous."

The finest opera house in the State outside of Jacksonville.

A Government building soon to be erected to cost when completed \$150,000.

Carpenters, masons, plasterers, painters, printers, machinists and laboring men galore.

More miles of paved streets and granolithic sidewalks than any other town in the interior of the State.

An \$85,000 court house built of brick and stone—a beautiful structure—and the lawns, flower beds, shrubbery, Confederate monument, etc., surrounding it, make it a most attractive picture.

FOLEY'S HONEY AND TAR
Cures Colds & Prevents Pneumonia

We Ask You

to take Cardui, for your female troubles, because we are sure it will help you. Remember that this great female remedy—

WINE OF CARDUI

has brought relief to thousands of other sick women, so why not to you? For headache, backache, periodical pains, female weakness, many have said it is "the best medicine to take." Try it!

Sold in This City

TWO PIANOS AND A DIAMOND RING

Total Cash Value, \$1,000.00

To Be Given Away by the Merchants and The Sun to Citizens of Alachua County!

Each Section Gets Prizes!

Contest to Close August 18, 1909

Realizing that all should share alike in the distribution, leading business houses have joined in the combination to give away Two Handsome Pianos and One Diamond Ring to residents of Alachua county in three different sections. These progressive firms will give One Vote for each penny spent with them.

In the event of a tie for any prize offered, a prize similar in all respects thereto will be given each of those tying.

THE A. R. HARPER PIANO CO. of Jacksonville, from whom the pianos for this contest were purchased, have agreed to offer extra prizes as follows: To the first five candidates in each district, excepting the winners of the capital prizes in the said districts, one certificate each for \$100.00 which will be redeemable in cash as a payment on any piano handled by them—the Everett, Harvard, Dayton or John Church Pianos. In addition to this they will give a certificate good for \$25 to all other contestants in the race, and will make special arrangements with anyone to take care of their paper on all purchases of instruments at the cash price.

The Gainesville Section Will embrace the city and suburbs and be confined to a radius of four miles in each direction. The winner in this district will be awarded a HANDSOME DIAMOND RING.

Eastern and Southern Section Will comprise territory from Fairbanks all points east and from Rochelle all points south—Waldo, Hawthorn, Island Grove, Campville, Micanopy, Lake View, Tacoma and all points along line of T. & J. Ry. ONE PIANO.

Western and Northern Section Will comprise all stations from Hague to High Springs, Trenton, Wanee, Wilcox, Bell, Newberry, Jonesville, Archer and all settlements covered by this area. ONE PIANO.

How and Where to Get Votes

Where Votes May Be Cast

Ballot boxes will be found in the establishments of the merchants giving votes and at The Sun office. Votes sent by mail must be directed to the Voting Contest Department of The Sun, Gainesville, Florida.

Rules and Regulations

1. The contest is open to anyone living in Alachua county who is known by the conductors of the contest or vouched for by some reputable person, to them well known.

2. No employee, attachee or relative of the proprietors of the above-named firms are eligible to participate in this contest, and will participate in no manner.

3. In the event of a misunderstanding between candidates or others interested in this contest, such controversy may be referred to the conductors of contest, who alone are the persons qualified to render decisions.

4. In the event a candidate decides to withdraw from the race, such candidate will not be allowed to transfer votes to the credit of another candidate in the contest.

THE DAILY SUN

	Old Subscribers	New Subscribers
\$1.25—Three months' subscription	500 votes	700 votes

Thos. Johnson of Micahopy visited the city yesterday.

C. W. Stevens of Alachua was a visitor here yesterday.

J. G. Sherouse of Windsor was a visitor here yesterday.

J. T. Manning of Clark was a visitor to the city yesterday.

Mrs. C. A. Marks and little son of Waldo were in the city yesterday on a visit to relatives.

There is nothing in this world, or in any other, that can come up with a Ford for the price.

Miss Cressie Winters of Leesburg is in the city on a visit to Mrs. J. H. Parker of East Gainesville.

J. C. Bexley and son, William, of Hawthorn, were among the visitors from the East End yesterday.

A. J. Gill of West Lake is among the visitors to the city. While here he is the guest of S. H. Register.

Harvey E. Bock left yesterday for Pennsylvania. He expects to spend the next three weeks in that State.

W. P. Coffey has returned from Glasgow, Ky., where he accompanied his mother, who has been spending the past few months here.

C. W. Rose, who has been spending the past few weeks at Evinston visiting friends, was here yesterday en route to points in Georgia.

Better write E. L. Howard for rates at the New White House at Daytona Beach. Excellent rooms, table unsurpassed, and good service awaits you.

J. E. Haynesworth of Haynesworth station was a visitor here yesterday. He states that the farmers generally have the best all-round crops they have had in years.

H. E. Seeley, who has been in the employ of the Experiment Station for some time past, has resigned and will return to his former home at Alachua, where he will engage in the mercantile business.

Dr. E. B. Howell, one of the prominent citizens of Newberry, was transacting business in Gainesville yesterday. He says the recent heavy rains are highly beneficial to the whole of the western part of the county.

Write or 'phone T. J. Cone, Raleigh, Fla., when in the market for rosin barrel staves and heading, also for pine shingles No. 1 and No. 2. Can make prompt shipment. Mill located on S. A. L. and A. C. L. railroads.

Miss Allie Taylor left yesterday for Newberry, S. C., where she will spend the next week visiting relatives and friends. From that point she will proceed to Washington to enter the Emergency Hospital for a three-year course as a trained nurse.

Jas. H. Fisher, who has been here on a visit to his father and other relatives, returned a few days since to his home on Poreco Island, near Bradenton. He was accompanied by the family of his brother, E. C. Fisher, who will make their future home there.

M. D. Beal, who has just completed a successful crop at Martin, Marion county, has returned to the city and accepted his old position with the W. D. Fagin Company as salesman. He has a large number of friends who will be pleased to again welcome him in this position.

Mr. and Mrs. D. R. Kline of Palatka have removed to this city and will make this their future home. He was formerly connected with Louis Kallfield as stage manager here for the new Baird Theatre, but during the dull season is making a specialty on accident insurance.

Dr. E. H. Pound of Jacksonville arrived in the city Sunday and will spend the next few days here visiting his mother, Mrs. S. L. Pound, and other relatives. He is now enjoying a fine dental practice in the State metropolis and seldom has the opportunity to leave his business to visit his old home.

W. J. Mattheus of Trenton was among the visitors here yesterday. He is one of the leading planters of that section and was for a long time one of the members of the Board of County Commissioners. He states the crops of his section never looked better and the farmers generally have bright prospects for good yields.
